Dear Mr. Secretary-General,

I am pleased to confirm that **Khanyi Foundation** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):
1. Upholding and integrating these principles into all our programs and initiatives. 2. Actively working towards environmental sustainability through our core focus areas, including river restoration, climate change mitigation, and the promotion of indigenous knowledge systems. 3. Regularly reporting on our progress and contributions in alignment with the Global Compact framework.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Anabahati Mlay,
Founder and Executive Director at Khanyi Foundation
