Dear Mr. Secretary-General,

I am pleased to confirm that **EI "Almaty Management University"** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): Integrate the Ten Principles into our university's educational programs, research initiatives, and daily operations. Promote awareness of the UN Sustainable Development Goals (SDGs) among students, faculty, staff, and MBA graduates, ensuring they understand their role in advancing sustainable development in their future careers. Incorporate SDG components into our curricula, embedding sustainability principles across academic programs to cultivate responsible and globally-minded leaders. Collaborate with other higher education institutions, businesses, and civil society organizations within the UN Global Compact network. Participate in UN Global Compact events, conferences, and working groups to exchange best practices and drive innovation. Submit an annual Communication on Progress (CoP), reflecting our ongoing commitment to supporting the Ten Principles and contributing to the SDGs.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Gulnara Kurenkeyeva,
Rector of Almaty Management University at EI "Almaty Management University"
