Dear Mr. Secretary-General,

I am pleased to confirm that **Producer Responsibility Organisation of Georgia "Wasteless"** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): Wasteless actively works to promote waste collection and recycling in Georgia. The organisation plans to extend awareness raising campaign throughout Georgia, focussing on the regions. We are closely working with partner organizations to increase motivation of private sector and individuals to engage them in proper waste management activities.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Giorgi Guliashvili,
Chairman at Producer Responsibility Organisation of Georgia "Wasteless"

Digitally signed by Giorgi Guliashvili, Highest-Level Executive at Producer Responsibility Organisation of Georgia "Wasteless".
