Dear Mr. Secretary-General,

I am pleased to confirm that **Foundation of Korea Automotive Parts Industry Promotion** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):  
- Through training and consulting, we ensure that internal executives, managers, and employees recognize the importance of respecting human rights and implement it - Through management consulting, we review companies' internal procedures and policies - We prevent and respond to environmental risks through carbon reduction support projects and eco-friendly management initiatives, while improving efficiency through smart factory construction - We support projects transitioning to eco-friendly production processes - By supporting new technologies, automation, and future vehicle technologies, we contribute to the dissemination of environmentally friendly technologies

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

**Jung Koo An,**  
**Chairman at Foundation of Korea Automotive Parts Industry Promotion**
