Dear Mr. Secretary-General,

I am pleased to confirm that **Zoologisk Have i København** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

FOCUS 1: INTERNATIONAL DEVELOPMENT International projects are central to the Zoo's conservation work. We collaborate on protecting some of the world's most endangered species and vulnerable habitats, prioritizing biodiversity hotspots. By focusing on flagship species, we indirectly safeguard many others. FOCUS 2: BIODIVERSITY IN DENMARK While Denmark is small in scale, it can play an important role geopolitically and as a pioneer in nature restoration. With strong resources and commitment, Denmark has the potential to foster rich biodiversity and act as a role model in conservation. Annual report 2024 [https://content.zoo.dk/media/fkemployees on several locations through out the world1nlps0/zoo-aarsberetning-2024.pdf](https://content.zoo.dk/media/fkemployees%20on%20several%20locations%20through%20out%20the%20world1nlps0/zoo-aarsberetning-2024.pdf)

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Pernille Mehl,
CEO at Zoologisk Have i København
