Dear Mr. Secretary-General,

I am pleased to confirm that **LLC "XXI CENTURY-CONSULT"** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

BUSINESS SCHOOL XXI CENTURY-CONSULT organizes conferences and forums dedicated to ESG and sustainable development issues, engaging representatives from businesses, banks, universities, and government bodies. On October 14, 2021, the business school organized and hosted Belarus's first-ever conference on ESG, titled "ESG and Sustainable Development: Is the Belarusian Market Ready for It?". The event served as a platform for discussing the integration of sustainable development principles into corporate strategies and preparing the Belarusian market for new challenges. The conference was held in Minsk, Republic of Belarus.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Iryna Lyskovich,
Director at LLC "XXI CENTURY-CONSULT"
