Dear Mr. Secretary-General,

I am pleased to confirm that **"ASTANA MEREY ADAM INTERNATIONAL FOUNDATION" Public Foundation** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

AMAIF actively engages with the private sector to promote responsible business conduct and corporate sustainability. Through the AISP (Academic and Innovation Support Program), the Foundation builds partnerships between universities, companies, and investors to strengthen innovation, digital skills, and youth employability aligned with the Ten Principles of the UN Global Compact. Current and planned activities include developing sustainability-based entrepreneurship programs, supporting green tourism projects, and conducting corporate ethics and transparency workshops for partner companies in Central Asia and Africa. AMAIF's initiatives directly contribute to the advancement of SDGs 4, 8, 9, and 17, reinforcing the role of business as a driver of inclusive and sustainable growth.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

TURARKHAN KURMANBEKOV,
PRESIDENT at "ASTANA MEREY ADAM INTERNATIONAL FOUNDATION" Public Foundation
