Dear Mr. Secretary-General,

I am pleased to confirm that **AUTONOMOUS NON-COMMERCIAL ORGANIZATION "INTERNATIONAL CENTRE OF EXCELLENCE ON SUSTAINABLE RESOURCE MANAGEMENT"** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

Participation in the UN Global Compact The International Centre of Excellence on Sustainable Resource Management (ICE-SRM) supports private-sector sustainability through four key activities: Practical Tools: Developing instruments like the Global Reserves Converter to automate conversion of resource estimates between national and international systems, improving transparency and access to sustainable finance. Capacity Building: Harmonizing professional standards for "Competent Persons," ensuring ethics, independence, and market trust. UN Partnerships: Working with UN agencies such as ESCAP on regional projects, workshops, and guidance for sustainable resource management. Promotion of UN Standards: Advancing UNFC and UNRMS as frameworks integrating economic, environmental, and social responsibility. These efforts help companies align with the UN Global Compact principles.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
