Dear Secretary-General,

I am pleased to confirm that **Central European Media Enterprises (CME)** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Central European Media Enterprises (CME)** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

CME's missed submission of the required Communication on Progress was the result of an administrative oversight and internal personnel matters. CME deeply regrets such a lapse and is taking immediate steps to rectify the situation. CME remains continuously supportive of the principles of the UN Global Compact and the values it represents. To be reinstated, we pledge to: assign a dedicated internal contact person to oversee our UNGC engagement and ensure timely reporting going forward; submit the required Communication on Progress on regular and timely basis; continue expanding our ESG and sustainability initiatives and efforts to incorporate the Ten Principles and the Sustainable Development Goals. We value our participation in the UN Global Compact and are committed to

restoring our membership status.

Sincerely yours,

Sam Barnett,
Chief Executive Officer at Central European Media Enterprises (CME)
