Dear Mr. Secretary-General,

I am pleased to confirm that **The Corporate Club** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

Current activities • Hosts networking events and business meet-ups that encourage responsible business conduct, ethical practices, and knowledge-sharing among members from hydropower, handicrafts, hospitality, and manufacturing. • Mentors young entrepreneurs on building ethical, inclusive and sustainable businesses. • Promotes responsible labour practices, fair treatment of workers, and transparent governance within its member network. • Encourages environmentally responsible business behaviour, especially in sectors with high sustainability relevance. Planned activities • Workshops on ESG, sustainable supply chains, and green business practices for SMEs. • A youth-focused program to guide new entrepreneurs toward responsible and ethical business models. • A “Sustainable and Inclusive Enterprise Incubator” to support women and marginalized entrepreneurs. No public annual report is available yet, but the organization will share one once published.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

**Tenzing Dhonden Shrestha,**  
**Chairperson at The Corporate Club**
