Dear Secretary-General,

I am pleased to confirm that **Kunshan Rihui Packing Products Co., Ltd.** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

**Kunshan Rihui Packing Products Co., Ltd.** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

*Dear UNGC Working Group, I sincerely apologize. Our company staff failed to promptly receive and review the email regarding "UNGC UN Global Compact 2025 annual renewal notice", which resulted in the delay. Our company will, as always, incorporate the ten principles of the Global Compact into our corporate strategy, culture and daily operations, and continue to make efforts to contribute to the various goals of the United Nations, especially the Sustainable Development Goals. We have actively made up for the relevant fees in accordance with the "UN Global Compact 2025 annual renewal notice".*

Sincerely yours,

**Zhiqiang Dai,
