H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Secretary-General,

I am pleased to confirm that **Samil Industrial CO.** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Samil Industrial CO.** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Samil was delisted due to prolonged operational disruption caused by the armed conflict in Sudan that began in 2023. The conflict resulted in the destruction of Samil's manufacturing facility in Sudan and a temporary suspension of production and business activities. As a result, the organization was unable to maintain continuous operations and regular engagement during this exceptional period. The delisting was not related to non-compliance with the Ten Principles of the UN Global Compact. Samil has since restored its operational capacity by establishing a fully functional manufacturing facility and has resumed production in line with international standards. Samil commits to maintaining continuous operations, strengthening business continuity and risk-management frameworks, and ensuring timely communication and reporting to the UN Global Compact. Samil reaffirms its

commitment to the Ten Principles relating to human rights, labor, environment, and anti-corruption, and pledges ongoing transparency, compliance, and active participation going forward.

Sincerely yours,

**Hisham Yagoub,
Managing director at Samil Industrial CO.**
