Dear Secretary-General,

I am pleased to confirm that **SENER GRUPO DE INGENIERIA, S.A.** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **SENER GRUPO DE INGENIERIA, S.A.** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

***Our previous withdrawal from the UN Global Compact was not related to any lack of commitment to its Ten Principles, but rather to internal organisational circumstances that, at that time, limited our ability to meet the reporting requirements in a timely manner. Since then, we have reinforced our sustainability governance framework and strengthened our internal resources, enabling us to fully and consistently comply with the Global Compact's requirements. In this context, we respectfully request readmission to the UN Global Compact and reaffirm our commitment to active participation, transparency, and continuous alignment with its principles.***

Sincerely yours,

**Jorge Sendagorta-Cudós,**  
**CEO at SENER GRUPO DE INGENIERIA, S.A.**
