Dear Secretary-General,

I am pleased to confirm that **iTech Mission Private Limited** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **iTech Mission Private Limited** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

***iTech Mission Private Limited was delisted from the UN Global Compact solely due to non-submission of the annual Communication on Progress (CoP) within the prescribed timeline. This lapse was administrative in nature and did not reflect any withdrawal from, or non-adherence to, the Ten Principles of the UN Global Compact. To address this, the company has formally reaffirmed its commitment to the UN Global Compact through a Letter of Recommitment signed by the Chief Executive Officer. Going forward, iTech Mission Private Limited commits to timely annual submission of the Communication on Progress, including the CEO statement and completion of the online CoP questionnaire, in line with UN Global Compact requirements. The company remains fully committed to integrating the Ten***

***Principles into its strategy, operations, and stakeholder engagement, and to supporting the Sustainable Development Goals.***

Sincerely yours,

**Arun Kapuria,  
Founder and Chief Executive Officer at iTech Mission Private Limited**
