Dear Secretary-General,

I am pleased to confirm that **Zevoli Growth Partners** supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. **Zevoli Growth Partners** will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Our organization was delisted due to the non-submission of the required Communication of Progress (CoP) within the stipulated reporting period. The delay was the result of internal administrative oversight and capacity constraints during the reporting cycle. We acknowledge that timely submission of the Communication of Progress is a core commitment of participation and an essential element of transparency and accountability. Steps Toward Reinstatement - To address this matter and ensure reinstatement, our organization commits to the following actions: - We will complete and submit the outstanding Communication of Progress in full compliance with the required reporting standards. - We will designate a responsible compliance officer to oversee all future reporting obligations. - We will implement internal tracking and reminder systems to ensure that future deadlines

are monitored and met well in advance. - Senior management will provide oversight to ensure continued alignment with reporting requirements and organizational commitments. - We remain fully committed to the principles and reporting obligations and will take all necessary corrective measures to ensure this does not occur again

Sincerely yours,

**Mpopi Khupe,
Managing Director at Zevoli Growth Partners**
