Dear Mr. Secretary-General,

I am pleased to confirm that «**Centre for Scientific Research and Ecological Expertise «KazEcoHolding»» limited liability partnership** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

Our organisation supports private sector engagement under the UN Global Compact by helping companies integrate sustainability principles into strategy, reporting, and operations in line with the Ten Principles and the SDGs. We provide training, tools, and stakeholder forums that enable businesses to act responsibly on human rights, labour, environment, and anti-corruption, and we strengthen partnerships to scale corporate contributions to global goals.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

**ZHANAR BAYDAULETOVA,**  
**Chief Executive Officer at «Centre for Scientific Research and Ecological Expertise «KazEcoHolding»» limited liability partnership**
