Dear Mr. Secretary-General,

I am pleased to confirm that **THE LEE EXPERIENCE** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

The LEE Experience actively contributes to the mission of the United Nations Global Compact through a wide range of programs and partnerships that promote sustainable economic development, entrepreneurship, decent work, women empowerment, green innovation, social cohesion, and responsible institutional practices. As an ecosystem-building organization operating across Lebanon and the MENA region, The LEE Experience works closely with startups, MSMEs, cooperatives, entrepreneurs, local communities, development actors, and private sector stakeholders to advance inclusive and sustainable economic growth aligned with the Sustainable Development Goals and the Ten Principles of the UN Global Compact.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Manal Hassoun,
Executive Director at THE LEE EXPERIENCE
