New York, NY 10017
USA

Dear Mr. Secretary-General,

I am pleased to confirm that **Spinal Injury Sangh Nepal** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

Spinal Injury Sangh Nepal (SISN), through the Spinal Injury Rehabilitation Centre (SIRC), actively collaborates with private sector organizations, development partners, and other stakeholders to promote disability inclusion, accessibility, equal opportunity, and sustainable social practices. The organization undertakes activities such as vocational and employment-oriented training, awareness and advocacy programs on disability rights and inclusive workplaces, accessible tourism initiatives, rehabilitation services, and community-based empowerment programs for persons with disabilities. Through these initiatives, SISN contributes to the mission of the UN Global Compact by advancing human rights, promoting inclusive labour practices, reducing discrimination, and encouraging responsible and equitable participation of marginalized communities in society and the workforce.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Esha Thapa,
Executive Director at Spinal Injury Sangh Nepal
