Dear Mr. Secretary-General,

I am pleased to confirm that **ASOSIASI PERIKANAN POLE & LINE DAN HANDLINE INDONESIA** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

AP2HI drives private sector alignment with the UN Global Compact through mandated activities. To meet Environment goals (P7, P8), we lead Fisheries Improvement Projects (FIPs), pushing members toward MSC certification and sustainable fishing practices. To uphold Human Rights and Labour (P1-P6), we enforce a Code of Conduct and actively partner with the ILO to implement grievance mechanisms and prevent labor abuse. Furthermore, robust digital traceability systems are required to ensure data integrity and combat corruption (P10). Our work, detailed in our anniversary publication, demonstrates our commitment to leveraging private sector action to achieve the SDGs. We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Janti Djuari,
Chief Executive Officer at ASOSIASI PERIKANAN POLE & LINE DAN HANDLINE
