H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017
USA

Dear Mr. Secretary-General,

I am pleased to confirm that **Kenan Foundation Asia** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

We engage with the private sector through the co-creation of programs with corporate partners, responding to open calls and social responsibility initiatives that align with our mission, and the integration of the private sector into our projects. Our education projects include internship support, job fairs, mentorship, and industry-relevant training that directly connect students to private sector pathways. Additionally, program design and curriculum are developed through multi-stakeholder engagement to ensure relevance to current and future market needs and alignment with national initiatives and UN SDGs. In the future, our private sector engagement will deepen through strategic partnerships with corporations in finance, manufacturing, energy, and technology industries. Our most recent annual report, in addition to previous years', can be found using this link: <https://kenan-asia.org/learning-resource/annual-report/>

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Wimonkan Kosumas,
Executive Director at Kenan Foundation Asia
