Dear Mr. Secretary-General,

I am pleased to confirm that **Rathinam Global Foundation** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

Rathinam Global Deemed to be University actively engages with the private sector through industry-integrated education, collaborative research, executive education, innovation, entrepreneurship and capacity-building initiatives. Through AIC RAISE, India's first SDG-focused Business Incubator supported by AIM, NITI Aayog, the University collaborates with startups, MSMEs, corporates, and government agencies to promote sustainable innovation. Through the School of Sustainability & Climate Studies (SSCS), the University is developing professional certificate program, executive education, industry workshops and applied research in ESG, sustainability reporting, climate action, and environmental & social impact assessment. The University also promotes responsible business practices through industry partnerships and intends to collaborate with UN Global Compact Network India to advance the Ten Principles, ESG awareness, sustainability leadership and multi-stakeholder collaboration.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,
