Dear Mr. Secretary-General,

I am pleased to confirm that **Unit Kerja Khusus Lembaga Sains Terapan Fakultas Matematika dan Ilmu Pengetahuan Alam Universitas Indonesia** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

SDGs Hub Universitas Indonesia (SDGs Hub UI) undertakes a range of activities that support the private sector in advancing sustainable and responsible business practices. Our current activities include sustainability advisory and consulting services, ESG and sustainable finance assessments, external reviews and expert opinions for green bonds, sustainability bonds, sustainability-linked finance, and sustainability sukuk, as well as sustainability reporting assurance and capacity-building programs for corporate stakeholders. We also conduct policy research, institutional analysis, and applied research that help organizations integrate environmental, social, and governance (ESG) considerations into their business strategies and operations.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Eko Waludi,
Chief at Unit Kerja Khusus Lembaga Sains Terapan Fakultas Matematika dan Ilmu Pengetahuan Alam Universitas Indonesia
