Dear Mr. Secretary-General,

I am pleased to confirm that **CORPORACION AUTONOMA REGIONAL DE CUNDINAMARCA CAR** supports the Ten Principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):
A particularly important component of CAR Cundinamarca's work is its engagement with the private sector and productive sectors. Through its Environmental Sectoral Agendas, the Corporation establishes collaborative working arrangements with business associations, companies and productive organizations to improve environmental performance, strengthen compliance and promote more sustainable production practices. More recently, CAR Cundinamarca has expanded this approach through its strategy for sustainable environments, circular economy and Green Businesses, promoting collaboration among companies, entrepreneurs, communities and other stakeholders. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.
